MADE IN BERLIN

DESIGN

Inspiriert von klassischen Jagdtrophäen entwickelt PAPERTROPHY eine Vielzahl von modernen Papierobjekten und -figuren.

Jede PAPERTROPHY bestehen aus bereits ausgeschnittenen und vorgefalteten Papiereinzelteilen. Durch das Zusammensetzen entstehen gleichsam zeitlose minimalistische wie komplexe Designobjekte.

Im Gegensatz zu unseren Vorbildern ist eine PAPERTROPHY selbstverständlich tierfreundlich.

QUALITÄT

FSC zertifiziertes, umweltfreundliches Papier, mindestens 230g/m²

DISEÑO

Inspirado por los trofeos de caza clásicos, PAPERTROPHY ha desarrollado una variedad de objetos y figuras de papel modernos.

Cada PAPERTROPHY consta de piezas individuales de papel ya recortadas y predobladas. A través de su montaje surgen, por así decirlo, objetos de diseño tanto minimalistas y atemporales como complejos. A diferencia de los modelos en los que están inspirados, los PAPERTROPHY son, por supuesto, respetuosos con los animales.

CALIDAD

Papel ecológico certificado FSC, de al menos 230g/m²

DESIGN

Inspired by classic hunting trophies, PAPER TROPHY develops a variety of modern paper items and figures.

Each PAPER TROPHY consists of pre-cut and pre-folded paper items. Gluing them together creates both timeless minimalist as well as complex design items.

Unlike our models, PAPER TROPHIES are of course pet friendly.

QUALITY

FSC certified, environmentally friendly paper, at least 230g/m²

CONCEPTION

Inspiré par les trophées de chasse classiques, PAPERTROPHY développe une variété d'objets et de figures en papier modernes.

Chaque TROPHÉE DE PAPIER se compose d'articles en papier déjà coupés et pré-pliés. L'assemblage permet d'obtenir en même temps des objets design, aussi bien minimalistes, intemporels que complexes.

Contrairement à nos modèles, UN TROPHÉE EN PAPIER est bien évidemment respectueux des animaux de compagnie.

QUALITÉ

Papier certifié FSC, respectueux de l'environnement, minimum 230g/m²
