

**Fort Boards<sup>®</sup>**

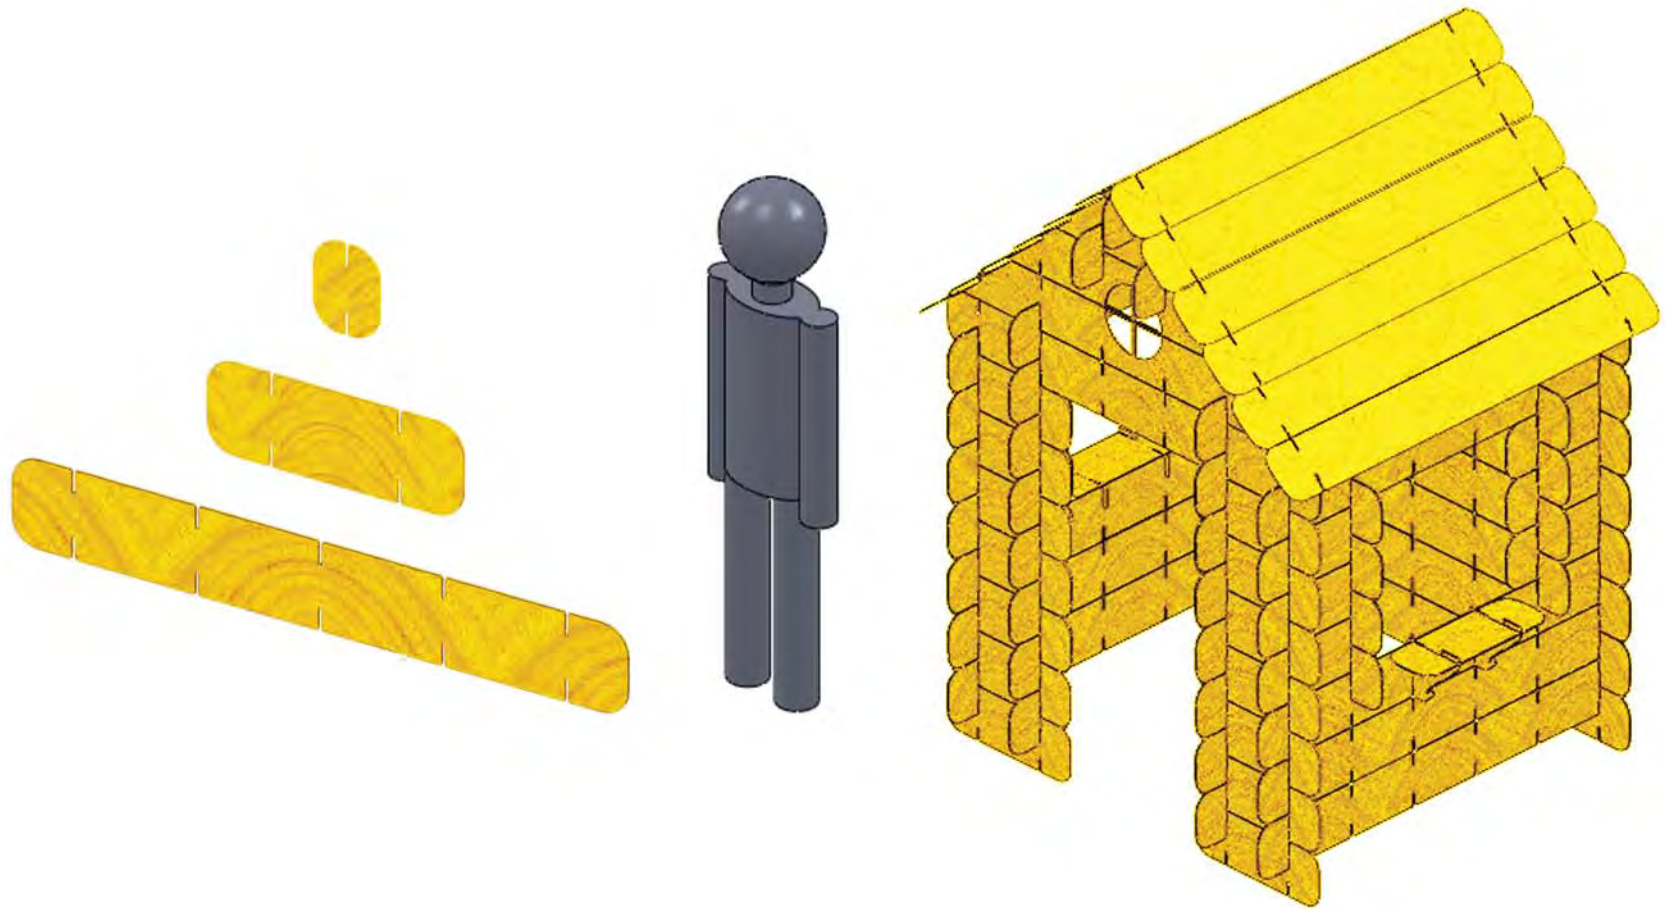

*Design Process*

# Fort Boards | **Version I** | 6/21/12

Material: CNC Cut Plywood | Size: 4" x 42" x 0.5"

## Fort Boards | Version 6 | 9/3/12

Material: CNC Cut plywood | Size: 47.5" x 5.75" x 0.5"

## Fort Boards | Version 8 | 1/4/13

Material: Die-Cut Fluted Polypro & Injection Molded PP  
Size: 15.5" x 7.75" 0.157"

## Fort Boards | Version 21 | 1/10/13

Material: Die-Cut Fluted Polypro & Injection Molded PP  
Size: 15.75" x 8.75" 0.157"

# Fort Boards | **Version 37** | 1/30/13

Material: Die-Cut Fluted Polypro | Size: 23.5" x 11.75" x 0.157"

# Fort Boards | Version 38 | 2/1/13

Material: Die-Cut Fluted Polypro | Size: 23.5" x 11.75" x 0.157"

# Fort Boards | **Version 57** | 6/14/13

Material: Die-Cut Fluted Polypro | Size: 10.25" x 10.25" x 0.157"

Fort Boards | **Version 85** | 7/25/13

Material: Injection Molding Polypro | Size: 8.7" x 8.7" x 0.1"

# Fort Boards | **Version 103** | 9/11/13

Material: Injection Molded Polypro | Size: 8" x 8" x 0.065"

# Fort Boards | Version 115 | 12/6/13

Material: Injection Molded Polypro | Size: 8" x 8" x 0.065"

# Fort Boards | **Version I34** | 1/23/14

Material: Injection Molded Polypro | Size: 8" x 8" x 0.065"

# Fort Boards | Version 165 | 9/12/14

Material: Injection Molded Polypro | Size: 8" x 8" x 0.065"

**1st Die-Cut Production Run:**  
Too hard to build and too easy  
to fall apart.

Connector Tool Production

Board Tool Production
