User Feedback

Makes eating together more fun

Helen Cohen

We love snacks, I always enjoy with little Julie. But having the snail snacker just adds an extra layer of fun to everything we eat. Julie just called the snail snacker Mr. Jason the other day.

He learned all the colors

Peter Pham

My boy is a picker eater and very fussy with food. Getting him the snail snacker finally solves the problem. He also learned all the rainbow colors so quickly once he knows there was food inside.
