

Word to World

New experience of storytelling for kids

Transform speech to animations in real-time

Allow children to create real-time animated stories just by speaking, and to learn about the world interactively and enrich creativity.

Some whales are swimming in the sky.

OUR PRODUCT

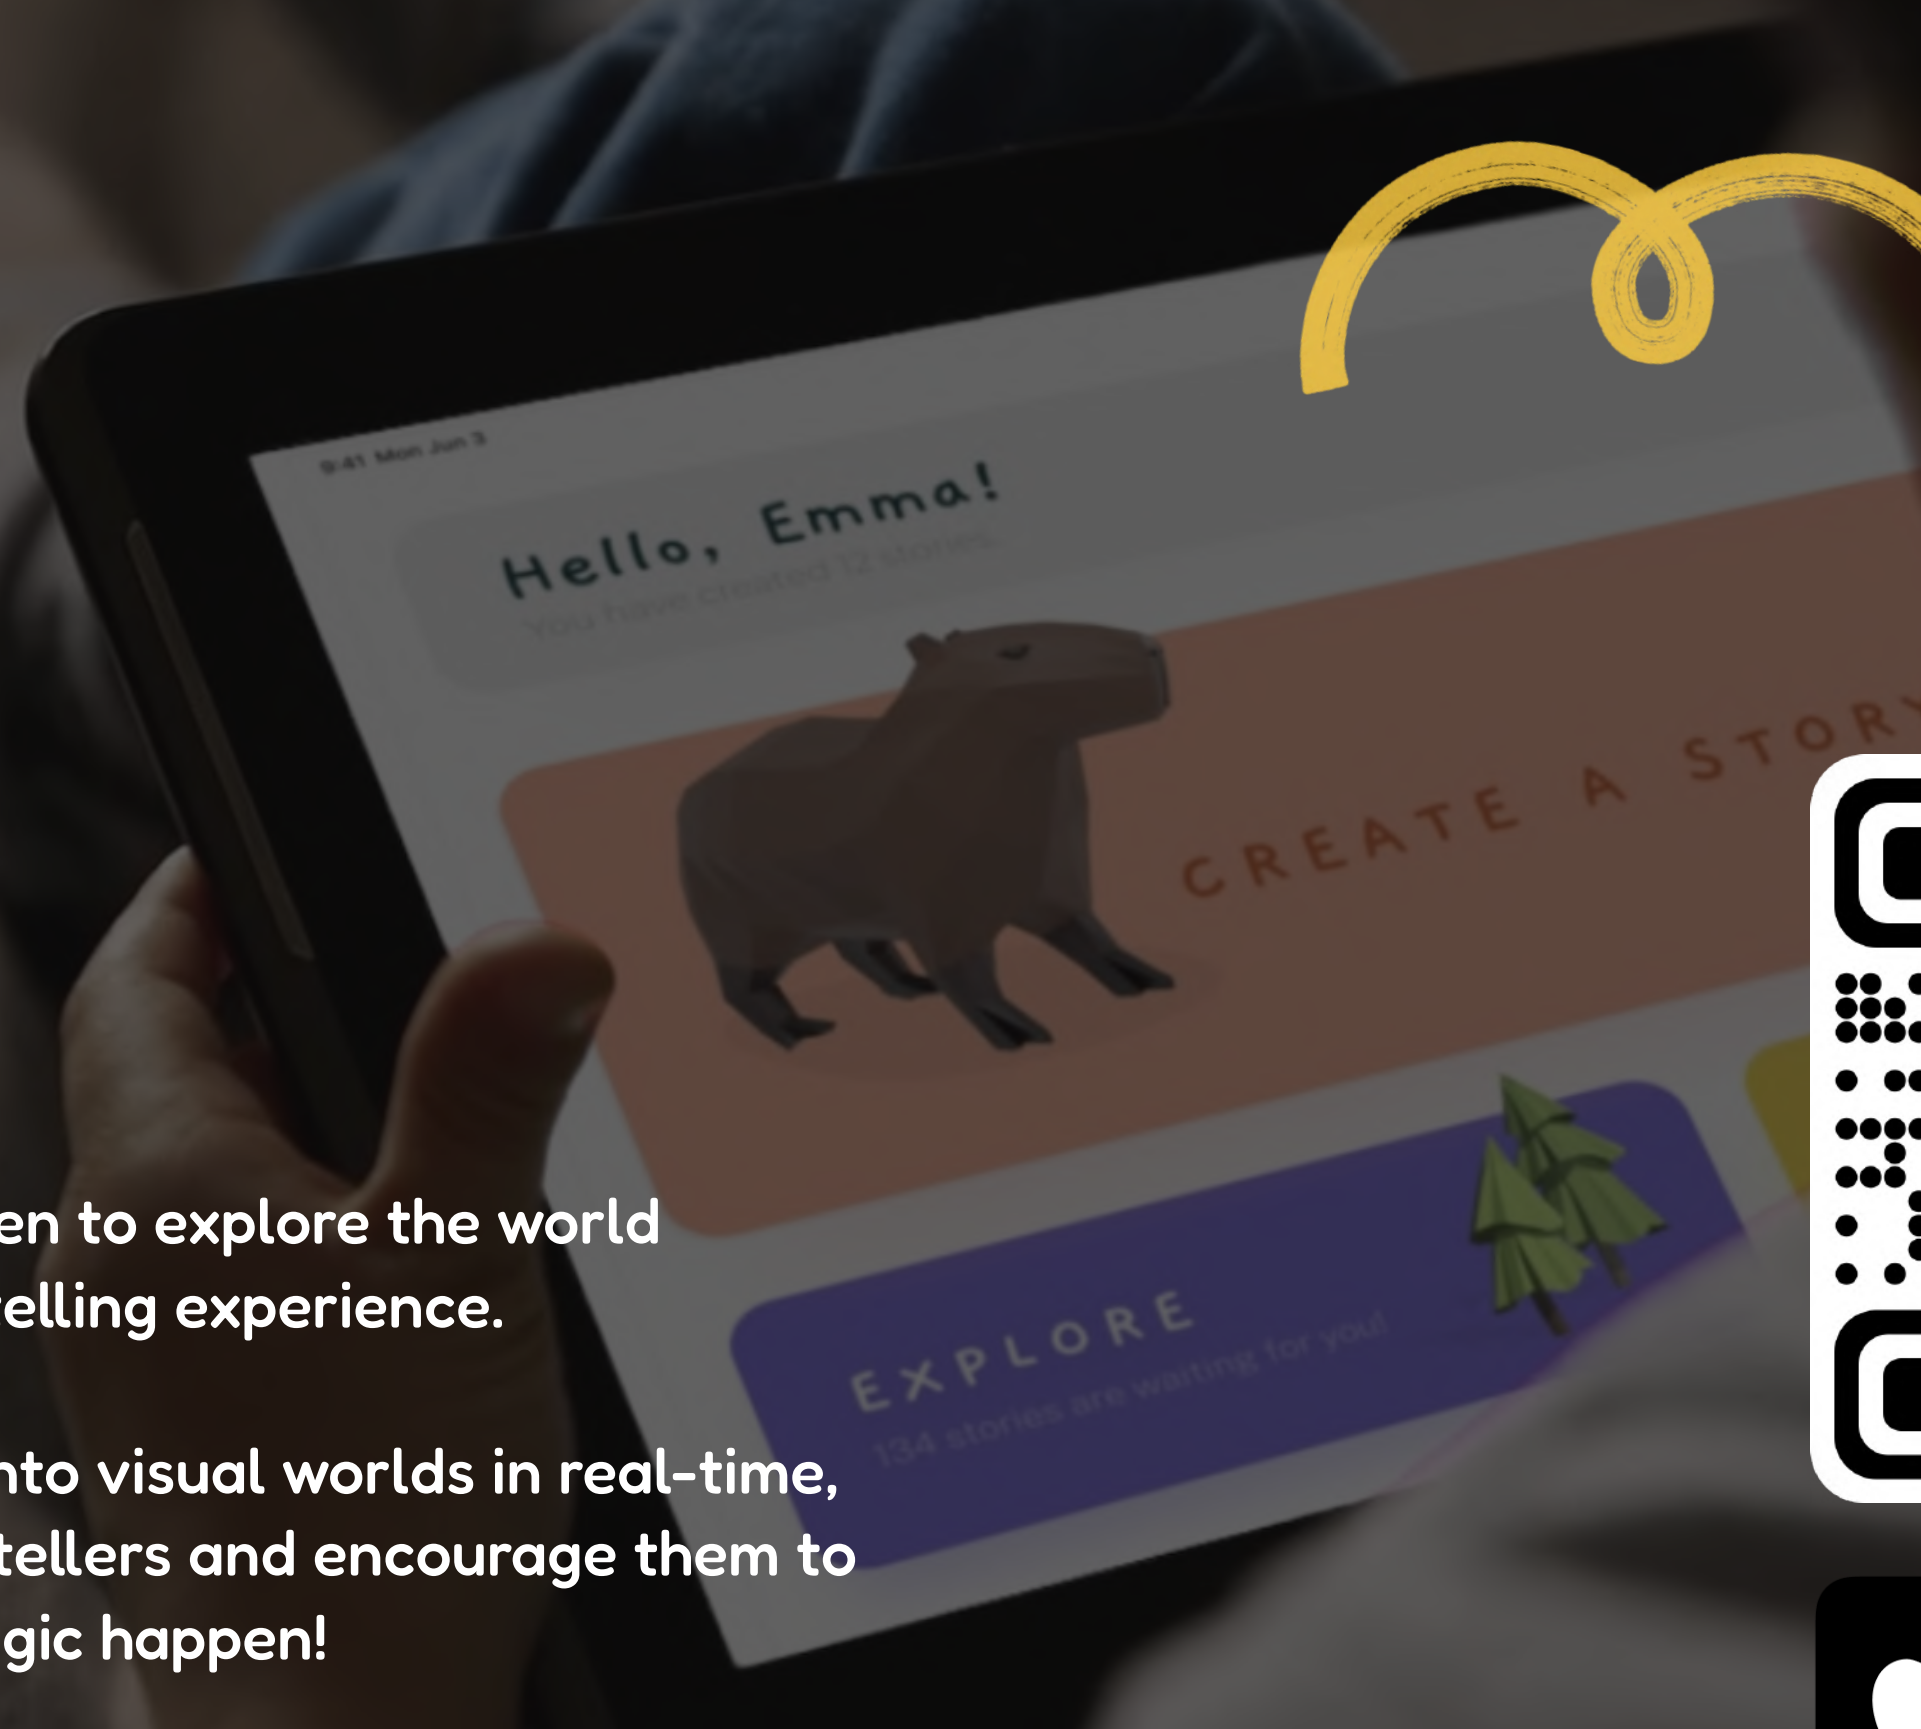

Word to World

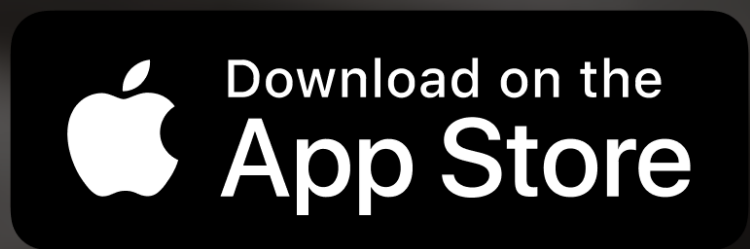

[Click to check our product video](#)

Word to World empowers children to explore the world through voice-interactive storytelling experience.

By transforming spoken words into visual worlds in real-time, we make children become storytellers and encourage them to actively speak and make the magic happen!
